## I would like to attend the CORONAVIRUS CARE & SAFETY Webinar Series

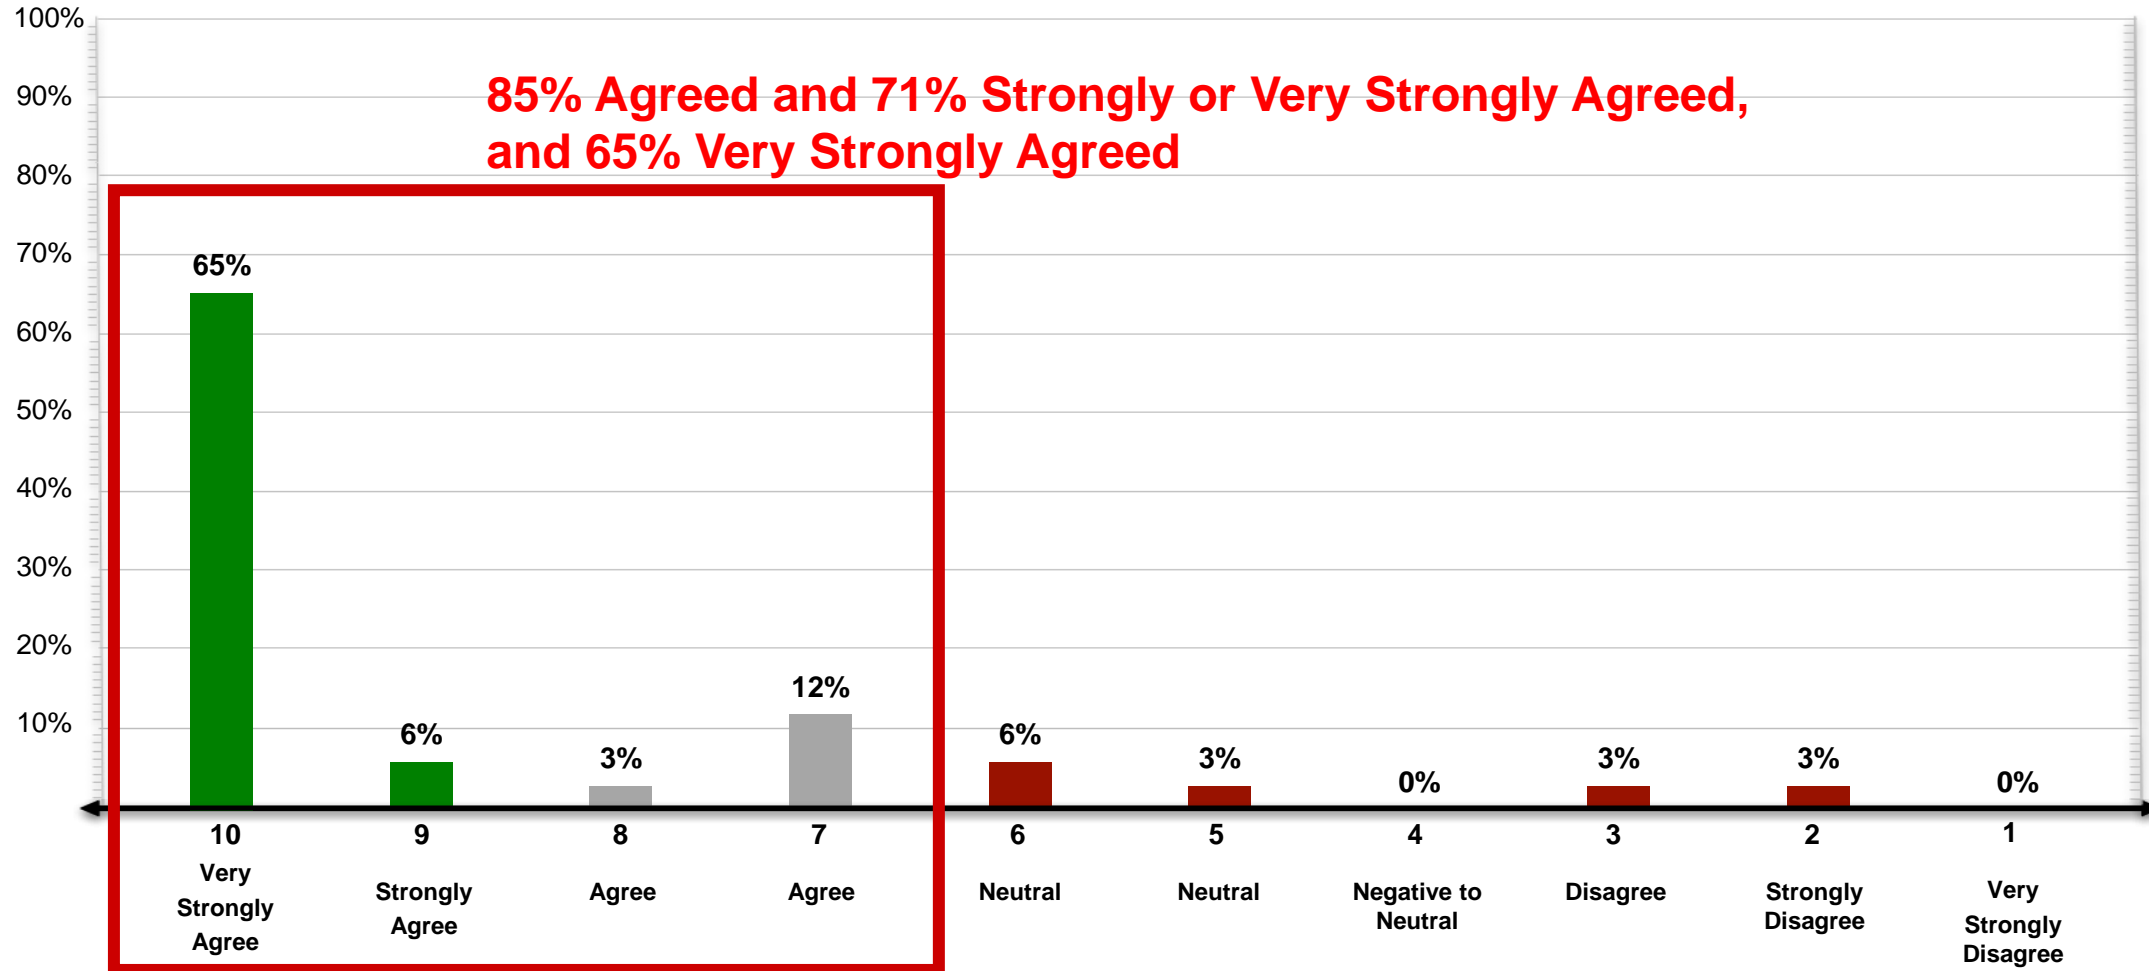

Source: TMIT High Performer Webinar Series; Coronavirus Survive & Thrive Guide for Caregiver & Critical Worker Families – May 21, 2020

# The topics I wish to have covered in the CORONAVIRUS CARE & SAFETY Webinar Series

- Any flexible topic
- Availability of ppe for home and how to get it
- Back to work, safety for families,
- Best immune system prophylaxis to fight it off best
- Caring for second wave, return to schools
- Covid in the future
- Emotional and mental health support for both the affected individual and caregivers
- Getting the people to understand how bad this virus is
- How do we isolate an individual when there is no space to really isolate them?
- How do we share this with the communtiy
- How scouts bsa troops can help.
- Intensive care treatment alternative protocols - how to pivot safely with drug shortages
- Lessons learned, "re-opening" plans and precautions imperative to the prevention of a "second wave"
- Mental health and resiliency
- Ppe for certain situations, testing of patients for elective procedures
- Preparing for the next wave (individuals and families); caring for family members who are sick while keeping yourself and other family members safe
- Preventing transmission
- Safety, prevention and treatment
- School recommendations
- Special populations that have to travel for treatment.
- You have covered most topics i was looking at
- Your content seems great. Best source for the real straight info.

I would like to invite individuals or groups to  
**CORONAVIRUS CARE and SAFETY Series**

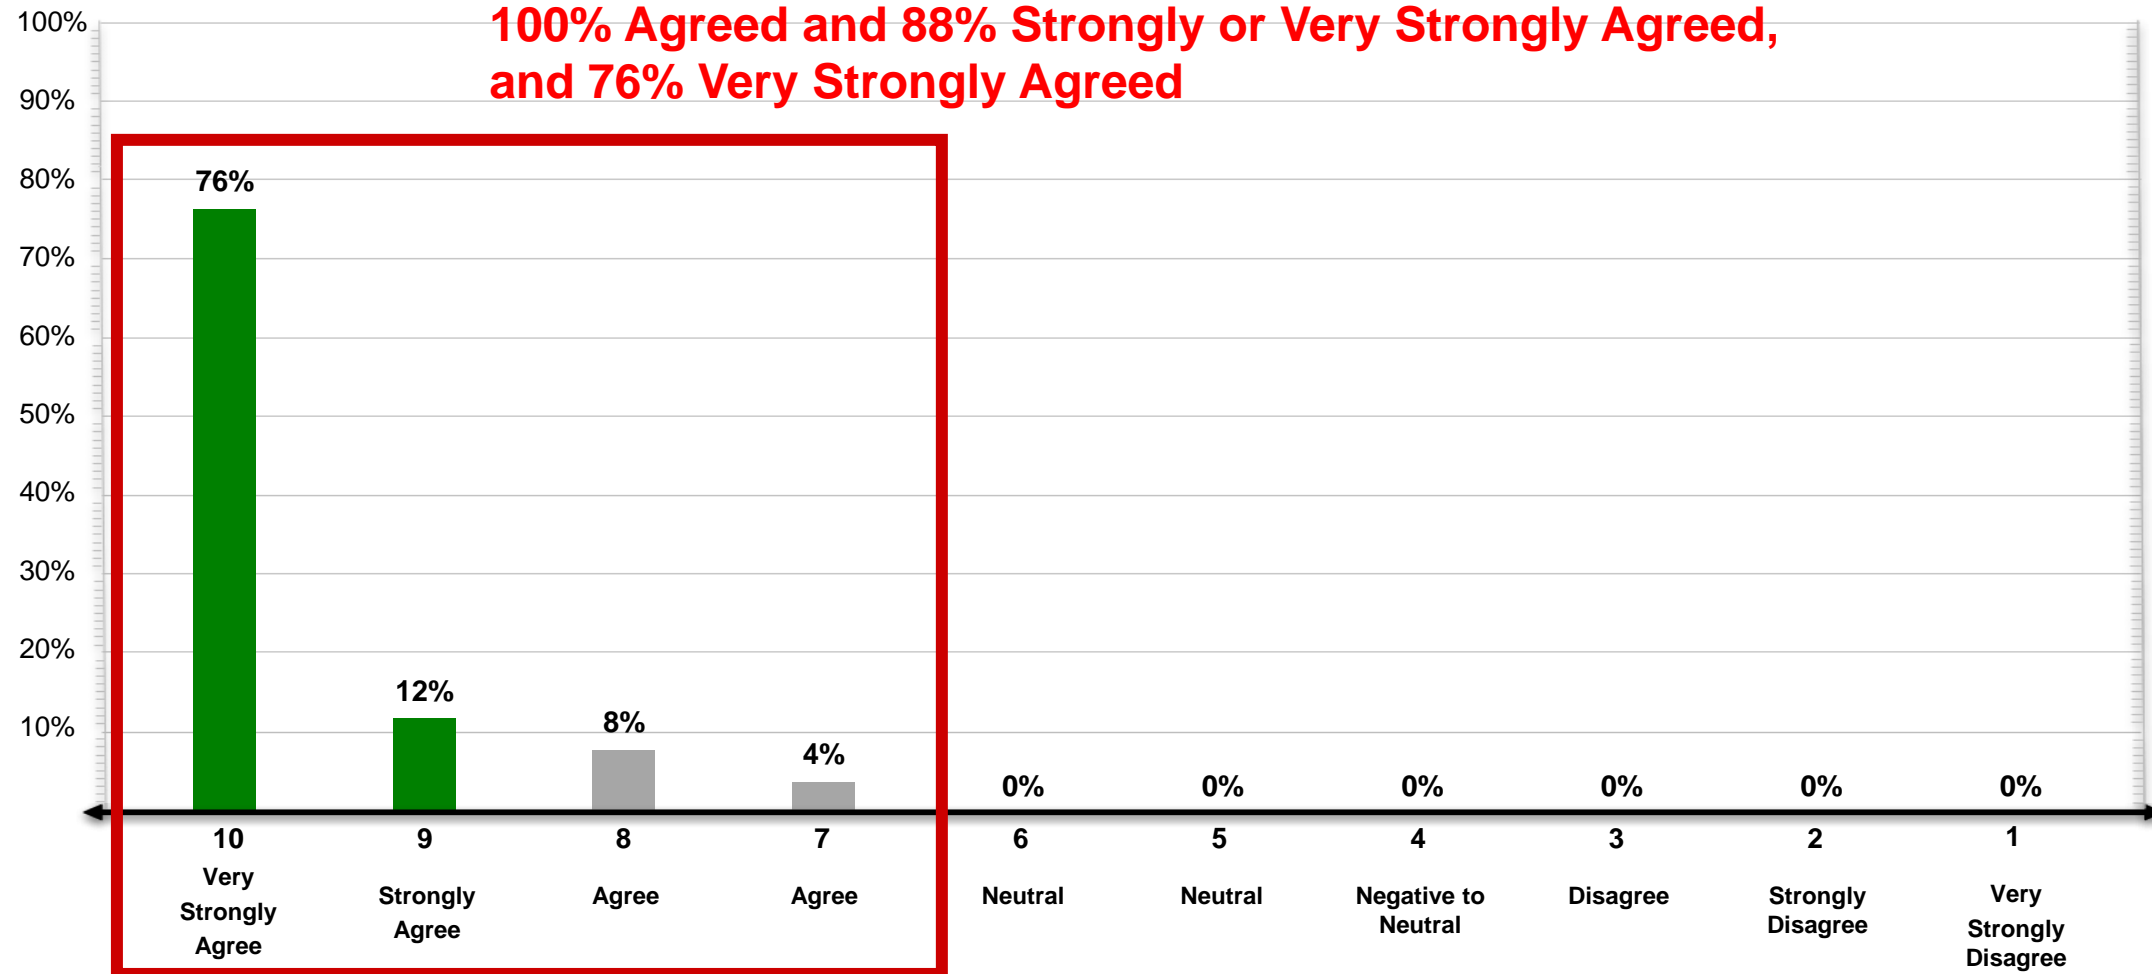

Source: TMIT High Performer Webinar Series; Coronavirus Survive & Thrive Guide for Caregiver & Critical Worker Families – May 21, 2020

# The topics I wish to have covered in WEBINAR on CORONAVIRUS CARE and SAFETY in this series

- Back to the pool, summer safety
- Best treatment modalities
- How youth organizations such as scouts BSA can safely hold events.
- I think you did a great job in developing the program.
- It might be good to cover the proper donning of PPE. See so much improper wearing so not sure if people think it is a joke or just don't understand such as much mask wearing with the nose not covered. ??
- Keeping patients safe during COVID 19
- Return to work 7 day vs 14 days
- What about people who live alone

# Anonymous Survey Questions

## I believe there is value in Locally Led Coronavirus Safety Programs

Source: TMIT High Performer Webinar Series; Coronavirus Survive & Thrive Guide for Caregiver & Critical Worker Families – May 21, 2020

# **I recommend the following individuals or groups For the Opportunity be Informed About the Program**

- **I do pass the info on to my local CERT (Community Emergency Response Team). group. However to feed into CERT perhaps through their FEMA info sources or just directly. City Emergency coordinators / managers are the feed to CERT groups and to the City emergency responses.**
- **Local leaders: Mayor, congress person, ministers and priests, school principal and teachers**
- **Nanci Newberry - Patient & Family Engagement Advisor, TMF Health Quality Institute**
- **Quality Improvement organizations, Nursing organizations, nursing homes,**
